PROFESSIONAL SUMMARY

Frontend Developer with 1+ year of experience specializing in building scalable, data-driven interfaces using React, Next.js, TypeScript, Tailwind, and Mantine UI. Experienced in developing enterprise-level systems including WHO's multi-role health information platform with strong focus on clean architecture, performance, and modern UI/UX.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, Tailwind CSS, Mantine UI, SCSS

Testing: Vitest, Component Testing

Animation: Framer Motion

Data & State: TanStack Query, TanStack Table

Visualization: Chart.js, Mantine Charts

Workflow: Git, GitHub, Token-based Authentication, Basic CI/CD

EXPERIENCE

Frontend Developer — YouMinds Creations Pvt. Ltd.

Dec 2023 – Present

- Contributed to WHO's enterprise health information platform involving large datasets, multi-role access, and analytics workflows.
- Built modular UI components, dynamic tables, and analytics screens using React, TypeScript, Mantine UI, Tailwind, and Chart.js.
- Implemented token-based authentication and secure routing with role-based UI logic.
- Improved performance with optimized API caching and data synchronization using TanStack Query.
- Implemented component testing workflows with Vitest, ensuring UI reliability and reducing production bugs.
- Developed Homestay Management UI and multiple dashboards using reusable components and animations.

- Collaborated with backend and QA teams using GitHub workflows and CI/CD pipelines.

PROJECTS

WHO Health Information System (Enterprise Project)

- Developed complex UI modules for multi-role WHO users, analytics pages, and visual dashboards using React, TypeScript, Mantine UI, Chart.js, and TanStack Query.

Homestay Management Platform

- Built responsive frontend for listings, filtering, host dashboards, and secure workflows.

Student Skill Tracker Dashboard (personal Project)

- Designed animated dashboards with KPIs, charts, and progress indicators using Mantine Charts and Framer Motion.

Dashboard UI (Personal Project)

- Created a modern animated dashboard focused on smooth interactions and clean layout.

EDUCATION

Bachelor in Computer Application (BCA) — Tribhuvan University, 8th Semester

+2 Science — Sunrise Public School
